

FOR IMMEDIATE RELEASE

PRESS INVITE: NRX GLOBAL INC. TO ANNOUNCE SOLUTION FOR THE INDUSTRY'S NEED FOR ASSET DATA GOVERNANCE AT ARC WORLD INDUSTRY FORUM: WHERE INDUSTRY LEADERS MEET TO SOLVE THEIR MOST CHALLENGING ISSUES, FEBRUARY 8-11, 2010 - ORLANDO, FLORIDA.

Invite to Members of the Press for Interviews with NRX Global Inc.

February 2, 2010 – NRX Global Inc. will be announcing their new solution for asset data governance and taking a panel seat at the ARC World Industry Forum 2010, in Orlando, Florida. Led by a new management team, including CEO and President, the Honorable Gregory W. Slayton, United States' Ambassador to Bermuda from 2005 to 2009, and backed by two of Canada's most renowned investors, NRX Global Inc. is stronger than ever before and excited to bring their industry leading expertise of asset data governance to the forum.

NRX Global Inc. is attending the ARC Forum to announce their asset data governance solution and to discuss the important role of Asset Lifecycle Information Management (ALIM) and Asset Data Governance. Fortune 500 Companies who were early adopters of ALIM solutions from this emerging market space, have been repeatedly seeing significant reductions in cost and compliance risk for new capital projects and ongoing operations. NRX will discuss how their two Asset Information Management (AIM) solutions, NRX Asset Hub and SAP VIP by NRX, facilitate Asset Data Governance in asset intensive companies. Jeff Bonnell, Vice President of Services and Product Strategy and expert on Asset Data Governance, will also be serving on the Asset Lifecycle Management Panel for information handover during capital projects.

NRX invites the press to request interviews with NRX Chief Executive Officer, the Honorable Gregory W. Slayton; Senior Vice President of Global Sales, Services, and Marketing, Richard Neidert; and Vice President of Services and Product Strategy, Jeff Bonnell.

NRX Global Inc. is the global market leader in Asset Information Management (AIM) software. Leading companies in asset intensive industries use NRX solutions to dramatically reduce the time and cost needed to achieve full production on complex capital projects. For critical assets that are in operation, NRX solutions enable clients to significantly increase asset productivity and materially reduce operating, safety, and compliance risk and costs over the operating life of the assets.

To schedule an interview, please contact the marketing department at NRX Global Inc.
