

SAP VIP by NRX for FLEET MAINTENANCE Comprehensive Support for Fleet Maintenance

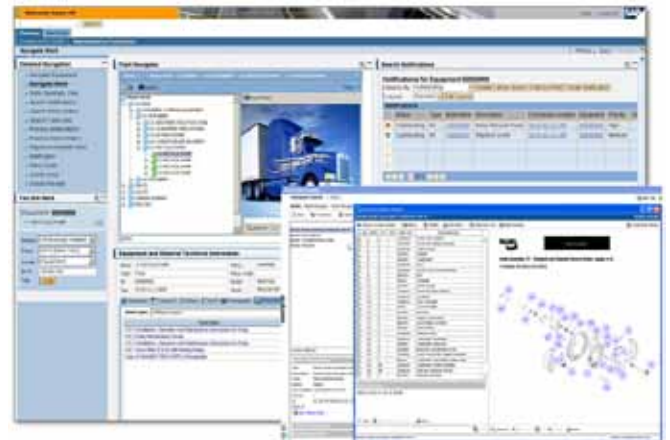

VIP – Providing a Complete “Vehicle Information Portal” for the Fleet Maintenance Professional

NRX’s VIP solution is being enhanced to include best of breed Fleet Maintenance capabilities including support for VMRS codes and component level warranties. VIP’s Fleet Maintenance capabilities will complement the product’s proven capabilities to streamline, simplify, and enhance work management processes for SAP maintenance professionals.

Key product features include:

- VIP supports ease of integration to other sources of information important to the Fleet Maintenance Business process such as illustrated Parts Books, real-time data, and manuals
- VIP provides a framework for improving efficiency and driving business process compliance through Wizards, Quick Nav, Work Nav, and Visual Nav
- VIP includes over 60 standard iViews supporting Notifications, Work Orders, Requisitions, and Planning
- Fleet maintenance specific business process flows for work management
- VMRS Codes
- Component level warranty tracking
- Vehicle information details

VIP is a Globally Endorsed Business Solution by SAP
